

WE NEED YOU!

Please consider making Center for White Rose Studies part of your annual giving. We know you have many choices; we are aware that there are numerous good causes to support.

We therefore are willing to go above and beyond to earn your trust. If you choose to fund all or part of an archive project (see next page), you will receive a status report from the start of the project until its completion. That report includes trip, research, translation, and publication updates, along with budget variance analysis.

We will also credit your support on our Web site, and in the publication.

Membership dues finance our general operations and are gratefully accepted.

If you have questions about a project — what we specifically intend to accomplish, budget detail, or anything else — please email us. Should you wish to donate time or materials for any project, please email us.

Thank you for your friendship and encouragement!

Best,
Denise Heap, Director
Center for White Rose Studies
Board@White-Rose-Studies.org
